It is good to make a disciple

It is better to plant a house church

It is best to start a house church movement

HISTORY

In 2002 Steve & Marilyn began working in Bishkek with one couple from Ukraine and a commitment to the Luke 10 strategy.

Today there are team members in four nations of Central Asia and Siberia.

OUR ROLE

We are not residential missionaries nor do we seek to do large conferences or evangelistic meetings. We do not want to be known.

We seek to identify, envision, equip and send apostolic individuals to serve their nations.

Jesus must put on an Asian face for Asia!

PARTNERSHIP

- put the go in the gospel, send teams
- supply Bibles
- translate and publish equipping materials
- micro financing
